

Mad Mole Brewing

Come visit America's Favorite Solar Craft Microbrewery for a beer "brewed by the sun." Mad Mole Brewing combines technology and science to craft a variety of Belgians, IPAs, and more. The brewery tap room hosts a comfortable, open atmosphere that leads into a spacious beer garden.

There are 12 rotating taps showcasing their beer and creativity with names such as Dank Side of the Mole, Darth Mole, and Marilyn MonMole. Along with their mole puns and mole-themed bar top, you may notice the Mueller serving tanks mounted on the wall. These tanks are an innovative way to keep your beer carbonated, cold, and fresh.

Mad Mole has weekly food trucks, live music, and plenty of games for the whole family to enjoy. Stop on by and see how they are creating a new sustainable way to brew!
